

Preferred Provider Organization (PPO)

PreferredOne is one of the Upper Midwest's leading Preferred Provider Organizations (PPO) – a network of physicians, clinics, hospitals and other health care providers who have agreed to deliver quality cost-effective health care services. Access to the PreferredOne PPO network is available to employers, insurance companies and third party administrators looking for affordable quality health care.

PreferredOne was founded in 1984 and is solely owned by Fairview Health Services. Over 90,000 employees and their dependents in 3,000 groups use the PreferredOne PPO network. The PreferredOne PPO serves more than 40 insurance companies and third party administrators.

Service Area

PreferredOne's service area extends through all of Minnesota and into western Wisconsin, northern Iowa, North Dakota, South Dakota, the Billings, Montana community and the upper peninsula of Michigan.

Comprehensive Provider Network

PreferredOne holds contracts with the key health care systems in communities throughout the network, including Fairview Physician Associates, North Memorial Health Care, Allina Health, Park Nicollet and HealthEast Care System in the Twin Cities metro area. Outside the Twin Cities, PreferredOne features Essentia Health System, Mayo Health System, Altru Health System, Sanford Health, Avera Health/Independent Health Care Associates, Heartland Independent Provider Network, Primecare and Affiliated Community Medical Centers. If you're looking for a PPO that serves Minnesota and the upper Midwest region, PreferredOne is your best choice.

The PreferredOne PPO features over 35,000 providers – 9,800 primary care physicians, 14,000 specialty physicians, 20,000 various ancillary providers and 291 hospitals. Ancillary services include ambulatory surgery centers, laboratories, radiology facilities, chiropractors, physical therapists, podiatrists, home health care agencies, durable medical equipment suppliers, mental health counselors, chemical dependency recovery facilities and others.
